Comms Pong

Turns everudau communication into a long-game of strategy. Two players engage in conversation, but with a constraint: they must never reply via the same method of communication. A Discord comment is met with a voicemail; a Facebook Poke causes a MuSpace wall post: a note written on a piece of paper, delivered in the form of a paper aeroplane leads to an interpretive

You'll never get mixed messages when you play Communication Pong!

Lone Pona

Are you terrible at Ping Pong? Then this is the game for you. Everything you love about the beloved classic, except there's a twist - you have no opponent! In this 1 v O game of low-stakes and even lower self-esteem, every shot is a serve, every point is an Ace, and if you lose...well uou're trulu terrible and uou should perhaps try something else.

Win Pong - playing with yourself never felt so aood!

Mind Pona

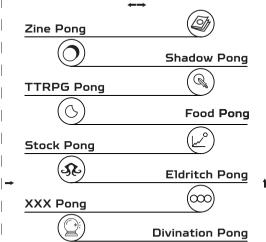

A game without a ball, without paddles...well without anuthing really. Players feel the rally by imagining a ball as it travels back and forth across an invisible table. Tension builds until one player breaks the silence by exclaiming: "Point," noting their victory over the current rally. Victory isn't about reflexes, it's about perception, confidence, and the unspoken connection between opponents. The game only exists if both plauers believe.

Mind Pong - are you out of your mind?
